HELICOPTER POLISH

Aerosol

DESCRIPTION:

Research and development has finally developed a superior cleaner and coating for the helicopter industry. A unique product that actually covers minute scratches and leaves a clear invisible anti-fog coating on all plastic transparencies.

- Repels dirt, dust, chemicals, salt and finger smudges
- Reduces wear and scratching
- Long Lasting, non-abrasive and contains no wax
- Marks on treated surfaces are easily wiped off
- Effective indoors and outdoors
- Makes plastic & glass cleaning easier and faster
- Rain helps wash outside of treated windows
- Useful on acrylic, Plexiglas, lexan, chrome, Formica, porcelain, fiberglass and marble

DIRECTIONS:

HELICOPTER POLISH offers a unique 360° valve which allows spraying in upright or inverted position. Shake well and spray from a distance of 6 to 8 inches. If surface is dirty, use first spraying for cleaning, then respray. Wipe with a lint free cloth, then polish and buff. Extra coats will give extra protection.

Note: Protect floors from overspray to prevent slipping conditions.
