

aerosol lubricants/greases

Since 1927, Arrow-Magnolia has helped people solve their cleaning and maintenance problems with the finest products available today.

HIGHLIGHTS

- Multi-Purpose Grease Lubricant
- Penetrates Then Quickly Sets-Up
- Withstands Heat To 500 F
- 16 Ounce Can

TYPICAL PROPERTIES

- Vapor Pressure: **N/E**
- Volatility: **N/A**
- Solubility: **Insoluble**
- Specific Gravity: **0.80**
- Vapor Density: **N/E**
- pH: **N/A**
- Evaporation Rate: **N/A**
- Physical Description:
**Clear, dark amber
spray/mist with solvent
odor**

SAFETY CAUTIONS

- Keep out of reach of children.
- Do not puncture or incinerate containers.
- Do not store at temperatures above 130° F.
- Avoid breathing vapors.
- Refer to MSDS for additional safety information.

HMIS RATINGS

INSTA-LUBE

AEROSOL

DESCRIPTION:

This multi-purpose lubricant sprays out of the can as a thin, penetrating liquid and quickly becomes thick red grease even capable of clinging to vertical surfaces. Additives provide superior adhesive, cohesive, extreme pressure and cushioning properties. This formula lubricates, prevents oxidation, and prevents rust without the dangers of ozone depleting chlorinated solvents.

DIRECTIONS:

Shake well. Remove cap and spray a thin film on surface to be covered. Use the extension tube provided for hard-to-reach places. A thick grease will form within seconds after application, and will be fully cured in 15 to 20 minutes.

NOTE: Test for compatibility on inconspicuous area prior to use on painted or plastic surfaces.
