

Since 1927, Arrow-Magnolia has helped people solve their cleaning and maintenance problems with the finest products available today.

HIGHLIGHTS

- Superior Equipment Coating
- Prevents Concrete Adhesion
- Resistant to Road Grime
- Non-Staining
- Weather Resistant
- Protects Paint & Metal
- Lasts up to 3 Months

TYPICAL PROPERTIES

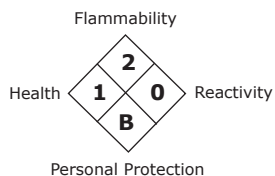

- Vapor Pressure: **2.40**
- Volatility: **91**
- Solubility: **Non-soluble**
- Specific Gravity: **0.77**
- Vapor Density:
Heavier than air
- pH: **N/A**
- Evaporation Rate:
N/A
- Physical Description:
Clear liquid w/ solvent odor

SAFETY CAUTIONS

- Keep out of reach of children.
- Use under normal atmospheric conditions in well-ventilated areas.
- Keep containers closed when not in use.
- Refer to MSDS for additional safety information.

HMIS RATINGS

MIRROR KOTE

Liquid

DESCRIPTION:

MIRROR KOTE is a perfected formulation of microcrystalline particles designed to protect construction equipment from undesirable soiling. Equipment remains bright, clean and polished when used regularly. MIRROR KOTE is non-staining, water resistant and prevents rust from forming. MIRROR KOTE forms a base coating on the surface of the cab and body and prevents concrete, sand, gravel, salt, snow, lime, mortar, asphalt, etc., from adhering. Applying MIRROR KOTE is simple and easy; practically foolproof. Streaking or discoloration is impossible.

DIRECTIONS:

Clean off grease, oil, road grime, etc, with BULLDOZER prior to application. Remove any dried concrete with KWIK SAND. Allow equipment to dry thoroughly after rinsing with water. Just spray on with a pump up sprayer or trigger sprayer and wipe dry with a soft cloth. MIRROR KOTE dries to a slick, hard finish in about 15minutes.
